# Facts & Figures

Wrocław University of Science and Technology features:

- **16** faculties (13 in Wrocław and 3 outside, but in our region)
- **33,500** students
- **2,000** academic staff
- **33** distinguished educational programmes, including courses taught in English and MBA programmes.
- **220** buildings equipped with modern laboratories, libraries, Internet access and multimedia lecture theatres
- high school.

# Faculties

- Architecture
- Civil Engineering
- Chemistry
- Electronics
- Electricity
- Geoengineering, Mining and Geology
- Environmental Engineering
- Computer Science and Management
- Mechanical and Power Engineering
- Mechanical
- Fundamental Problems of Technology (Physics)
- Microsystems Electronics and Photonics
- Pure and Applied Mathematics

# Academic Excellence

A man in a dark suit, white shirt, and blue tie is shown in profile, looking down at a laptop. The background is dark with glowing white dots and lines, suggesting a digital or data environment. The text 'Academic Excellence' is in a red box at the top left. Below it, a white box contains text about university rankings and awards. The overall theme is academic and technological excellence.

We are consistently featured in the **top four Polish universities among all universities** and we are ranked as the **second-best technical University in Poland**, being highly valued by both students and employers.

Our learning programmes are amongst the best in Poland, with **civil engineering, electrotechnics, production management** and **environmental quality management** leading the way.

In 2016 the European Commission awarded our University with the prestigious **HR Excellence in Research** logo.

# Campus & Facilities

**„With buildings spreading throughout the city of Wroclaw, this university has diverse range of building types with emphasis on modernist designs. Its main facilities are clustered near the calm Oder River”.**

— Huffington Post, *15 World's Most Beautiful Universities*

We continuously invest and upgrade our facilities to ensure our students and academic staff continue to benefit from the world-class laboratories and teaching space. We also have a cable car that cross the Odra river and allows students to get faster from the faculty to the main campus. Recently we have opened the University beach by the river where students can relax, play volleyball and canoe.

# International Cooperation

A group of seven diverse young people (four women and three men) are standing in a modern, red-lit hallway. They are holding large cutouts of a man in a suit and glasses, who is holding a stack of books. The hallway features large, metallic, cylindrical pipes and a red wall. The overall atmosphere is professional and innovative.

Wrocław University of Science and Technology actively cooperates with foreign partners, having signed over **200** intercollegiate agreements and over **400** mobility agreements (including Erasmus+ actions **KA103 – EU countries** and **KA107 – non EU countries**, Erasmus Mundus, Scholarship and Training Fund, summer schools).

Our researchers engage in various international scientific and innovative projects.

# Summer Schools

We organize customized summer courses and short visits to fit the needs of our partners. This year almost **200 international students** attended 3 Summer Schools: **3E+** (Energy, Electronics, Electricity + Environmental Engineering), **WrUT Summer School** (organized for Indian students) and **Summer School of Architecture** (organized together with TU Delft, Netherlands).

**We can also prepare an offer for you!**

# Wrocław is the Meeting Place

The greatest Wrocław's assets?

- **People:** approx. 1 million residents in the greater Wrocław area
- **Location:** in the heart of Europe and in southwestern Poland, Wrocław is easily accessible to many other major cities.
- **Knowledge:** Wrocław is one of the major academic centres in Poland.
- **European Capital of Culture in 2016, EURO 2012.**
- **Quality of life:** Wrocław is a modern, open and dynamic city with rich history and culture. You'll fall in love with Wrocław!
