

The image features a high-angle, aerial photograph of a city, likely Rome, with its characteristic grid-like street pattern and various buildings. A large, white, semi-transparent circle is centered over the city. Overlaid on this circle and the entire image are numerous horizontal and vertical bars of various colors, including cyan, magenta, and blue, which create a digital glitch or data corruption effect. The text 'MINIGUIDA DI SCIENZE' is printed in a bold, black, monospace-style font across the center of the white circle.

**MINIGUIDA
DI
SCIENZE**
